Rotary's Four Way Test of the things we think, say or do:

1.) Is it the TRUTH? 2.) Is it FAIR to all concerned? 3.) Will it build GOODWILL and BETTER FRIENDSHIPS? 4.) Will it be BENEFICIAL to all concerned?

Our speaker this evening is Oksana Deiter. Oksana was born in the USSR, Ukrainian SSR, now Ukraine. Since 2004, Oksana has lived in the United States. When the Russian Federation invaded Ukraine, Oksana flew to visit her family and friends and stayed there for almost two weeks as a volunteer. Even though the fact that Oksana has been living in the USA for almost 18 years, she has close ties with Ukraine - her brother and his family, many cousins and friends still live in Ukraine.

Thanks go out to Russell Sturgeon, Patricia McNicholas, Josh Gomez, and Dan Clark for volunteering at Sleep in Heavenly Peace (SHP) on Saturday, March 26th. SHP believes that a bed is a basic need for the proper physical, emotional, and mental support that a child needs. The San Antonio Northeast Rotarians contributed by sanding, assembling, and branding the different pieces that make up a bunk bed. In addition to building the beds, SHP members and volunteers also deliver the beds to those in need.

A community bed build is held once a month at SHP's warehouse located at 10616 Sentinel. Volunteers from the San Antonio Northeast Rotary Club have participated in the community bed builds several times over the past year. For more information about Sleep in Heavenly Peace, please go to their web site: www.shpbs.org/chapter/tx-san-antonio

Rotary's network enables rapid humanitarian relief for Ukrainian refugees

By Rotary International

Kim Widlicki and Claudia Brunner contributed to this article.

The war in Ukraine is having devastating consequences on civilians as families flee their homes. According to the United Nations, more than 3.5 million people, most of them women and children, have sought refuge in neighboring countries and across Europe, while about 7 million more people have been displaced within Ukraine.

Rotary and Rotaract clubs in Europe and around the world have taken swift action and are working with members nearby to provide food, water, medical equipment, and shelter for refugees.

The Rotary Foundation has created an official channel for Rotary members and other donors around the world to contribute funds to support relief efforts underway by Rotary districts. The Foundation has designated the Disaster Response Fund as the main avenue for this. <https://my.rotary.org/en/disaster-response-fund> The fund, to date, has received more than \$6.5 million in contributions.

Below are some of the latest projects as of April 1st

Clubs in Rotary District 2231 (Poland) are using a \$50,000 disaster response grant to provide transportation, accommodations, food, and medical assistance for refugees who crossed the border from Ukraine.

Rotary District 2240 in the Czech Republic is purchasing \$50,000 worth of sleeping bags, medicine, food, and defibrillators, EKGs, and oxygen concentrators to victims.

District governors in Germany created a national task force to coordinate member initiatives and relief efforts on an online platform. A liaison office for government agencies and nongovernmental organizations has been established in Berlin.

Rotary clubs throughout France have mobilized to collect and distribute necessities to refugees. District governors are coordinating donations from French clubs to help Rotary clubs in Ukraine as well as to assist refugees traveling through Poland and Romania or taking refuge in those countries. The needs are determined by the France-Ukraine, France-Poland, and France-Romania-Moldova intercountry committees.

District 1910 in Austria is using a \$25,000 disaster response grant to provide accommodations, baby supplies, medicine, hygiene materials, psychological care, food, and appliances to Ukrainian refugees in Austria.

Members of the Rotaract Club of Klagenfurt-Wörthersee, Austria, collect medical supplies, food, sleeping bags, and generators for transport to the Polish-Ukrainian border to assist people displaced by conflict in Ukraine.

The European Rotaract Information Centre, a multidistrict information organization that serves Rotaractors all over Europe, created a United for Peace site that compiles information for refugees and volunteers. The site offers information about free rail, bus, and air transportation available to refugees and lists details about what's needed and how to help at specific national borders. It also has fundraising details for hospitals in the western Ukraine city of Lviv, as well as for clubs that are helping in various places and for other organizations in the region. The site lets Rotaractors coordinate shelter for refugees stranded at the border. Volunteer hosts can sign up through an online form and specify how many people they can house and for how long. Begun as an initiative to help

fellow Rotary members leaving Ukraine, it's now being used by Rotaract and Rotary members all over Europe to offer help. A tool on the site links a demand for goods with available supplies. It was created within 48 hours after a team of 60 members from 10 countries met by videoconference about how to meet the most urgent needs.

Ukraine has 62 Rotary clubs and six satellite clubs with about 1,100 members, and 24 Rotaract clubs with more than 300 members. District 2232 (Ukraine and Belarus) formed a committee to help people affected by the crisis. It has launched an appeal to Rotary members worldwide for funds to provide basic necessities. The city of Lviv has had an influx of people displaced from other cities around Ukraine. The Rotary Club of Lviv International, working with local authorities and major hospitals, created an online spreadsheet of relief items that can be accessed by people who want to help. Members arrange for the donated items to be delivered to hospitals and coordinate storage with local warehouses.

Poland has taken in more than a million refugees, and Rotary clubs all over the country created a central account for contributions. The Rotary Club of Olsztyn, Poland is collecting and managing donations for more than 150 Ukrainians who are staying at Ostróda Camp, a conference and recreation center. Most of the occupants are unaccompanied children whose parents stayed in Ukraine. Four cars full of supplies including food, clothes, toiletries, and toys were donated hours after the center began accepting refugees.

Members of the Rotary Club of Zamosc, Poland worked with a member of the Rotary Club of Wolsztyn, who owns a medical supply distribution company, to coordinate a partnership with other organizations to collect supplies and equipment. The Rotary Club of Gdansk Centrum is providing accommodations for four refugee families, and members who own businesses are offering them work.

The Rotary Club of Kiszvárd, Hungary, is coordinating contributions and mobilizing members to donate necessities and deliver the items to where they're needed. Rotary members in Romania and Moldova have created a central fund for contributions and set up WhatsApp groups that organize food donations and coordinate shelter for refugees. In Slovakia and the Czech Republic, clubs have partnered with a railway and cargo company to offer transportation to nearly 2,300 refugees.

Madison Interactors participate in Rotary Day SA

Members of the James Madison Interact Club participated in the Rotary Day SA clean-up event held at Brackenridge Park on Saturday, March 26th. Thanks to Madison Interact sponsor Mrs. Janeen Downen and all the Interactors that volunteered and came out to remove litter, paint park benches, mulch and perform other tasks to make historic Brackenridge Park ready for Spring.
